| WHAT IS IT? | What's next? Periodically we need to review and revision our lives. Every decade of the life cycle brings new challenges, goals, pleasures, and possibilities. Every life transition—success, failure, illness, divorce, retirement—requires us to unpack and repack our bags, and look for renewed purpose and direction. If you're ready to inventure—to take a deep look into your life—and to adventure—to trek and explore the environs of East Africa—this journey is for you. |
| WHEN IS IT? | The 2009 Expedition will take place March 8-25, 2009 in Tanzania, East Africa. |
| WHO IS IT FOR? | The 2009 Expedition is not a trip but a true journey “back to the rhythm” in Tanzania; to the place where the original people on earth emerged. It is a specially designed six-month review and revisioning process for six to ten men, age 40+, who want to take a deep look at “what's next?” in their lives. |
| WHO IS THE LEADER? | Richard Leider, bestselling author of eight books, named by Forbes as one of the five most respected coaches in America. A pioneer in the field of life planning, he is a master at helping people navigate the midlife and retirement transitions. Richard has led walking safaris in Tanzania for 25 years. |
| WHAT IS THE INVESTMENT? | \$5,900. This includes all fees and expenses. Airfare is separate. |
